DATE 2005

An examination of Headquarters files reveals that Mr. John TAKHI, Broker, 177 East 77th Street, New York City, was the subject of a dispatch from Ankara in connection with his request for an autograph from a prominent individual. CIMAQY was queried for information and, in May 1951, reported that TAKHI and his wife had been the subjects of a special CIMAQY inquiry in October 1949 predicated upon their requests for autographs from prominent persons in the United States and elsewhere. At that time it was determined that neither TAKHI nor his wife had any subversive intent in the collection of autographs. CIMAQY stated that Subject and his wife had since been the cause of numerous complaints in connection with their autograph collection activities.
